

- PORCELAIN
- POLISHED MARBLE AND AGGLOMERATES
- UNPOLISHED MARBLE AND AGGLOMERATES
- GLAZED CERAMIC TILES
- CONCRETE

WHAT IT'S FOR

- Removes coloured organic stains: wine, soft drinks, coffee, tea, etc.

ADVANTAGES

- Penetrating stain remover – Goes deeper than any other cleaning product.
- Specially developed to remove stains from natural stone surfaces (marble, travertine, agglomerates).
- Can be confidently used on natural stone with a polished finish, which will not be damaged by the product.
- Ideal for low-absorption ceramic surfaces (porcelain stoneware, textured single-fired tiles).

HOW IT'S USED

Do not dilute: ready to use.

Application:

1. Shake the can before use. Apply on the stain, ensuring it is completely covered.
2. Leave until the stain has completely disappeared.
3. Remove residue with a sponge.

For extremely stubborn stains on marble surfaces it is necessary to remove the product before it dries completely and then repeat the operation.

Packaging

75 ml bottles in box of 12.

PRECAUTIONS

- Keep out of the reach of children.
- Dispose of the container properly after use.

TEMPERATURE
Storage temperature: between 0° C and 30° C. Must be applied to material at temperatures between 5° and 30° C.

CONTAINS
Nonionic surfactant less than 5%, chlorine bleachers less than 5%.
Contains: 4,5% active Cl solution.

LABELLING
WARNING: Warning
Hazard indication:
Causes serious eye irritation. Causes skin irritation. Very toxic to aquatic life. Contact with acids liberates toxic gas.

Caution recommendations:
If medical advice is needed, have product container or label at hand. Keep out of reach of children. Avoid release to the environment. Wear protective gloves / protective clothing / eye protection / face protection. If skin irritation occurs: Get medical advice / attention. Dispose of contents / container in accordance with official regulations

TECHNICAL INFORMATION
Appearance: viscous liquid
Colour: slightly yellow
Odour: distinctive, pungent
Density: 1,10 kg/litre
pH: 13

The information above reflects our latest technical know-how and is the outcome of ongoing laboratory research and testing. However, some factors are beyond our control. It is essential to integrate our suggestions with your own on-site preliminary tests and check. Fila accepts no liability for improper use of its products.

Caution:
This product bleaches fabrics.
