## At Mandarin Stone, we like to push the boundaries while staying true to our core values of quality and craftsmanship.

It's for this reason that we continue to add new and increasingly innovative designs to our collection. We regularly travel to Europe and beyond to source these tiles, whether Italian marble, Portuguese limestone or terracotta straight from Spain.

As well as evolving our tile ranges, we're excited to announce more UK store openings, most recently, our Harrogate showroom. These inspiring spaces provide an opportunity to meet our teams of friendly and knowledgeable experts and to experience the breadth and detail of our designs for yourself. We very much hope to see you in one of our showrooms soon, and in the meantime, read on to discover some of our collection highlights.

## BOLD COLOUR

Nothing lifts and enlivens a room quite like coloured tiles, whether punchy brights or more muted tones. Try a wall-to-wall scheme or introduce accent colours in statement shades. A half-height section of colourful tiles can look really effective too; pair with a neutral, or a contrasting design in complementary tones.

### ELEGANT MARBLE

Marble and marble-effect tiles lend spaces an air of luxury that's hard to match, and our extensive selection is a testament to their enduring popularity. Opt for subtle marbling or bold, swirling patterns; keep it timeless with soft, serene shades or choose a richly coloured marble tile for serious impact.

We've expanded our existing range to include additional tile sizes, making it even easier to get creative with different formations. Choose from plain and patterned, as well as a square, brick, hexagonal and chevron formats.

# Stories

We love to see how our designs can transform a space and regularly work with architects and interior designers to bring their visions to life

# Grand Revival

Langdon Court Manor

Painstakingly restored by owners Donna Ida Thornton and Robert Walton MBE, this 16th-century country house is now a beautifully designed South Devon escape

The couple enlisted the help of Apponyi Design for the interiors, which feature an array of Mandarin Stone designs throughout, including our **Rosso Di Scacchi Tumbled Marble**, which was used to create the kitchen's chequerboard floors.

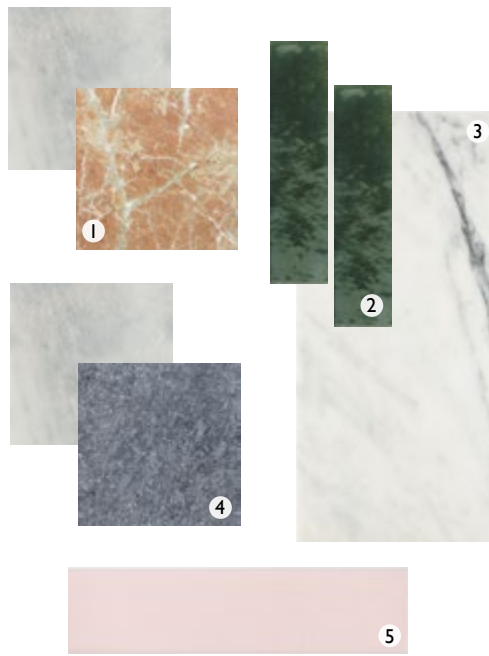

**Hoxton Bottle Green Gloss Porcelain** tiles line this luxurious shower: a perfect pairing with brushed brass fittings and **Calacatta Vein Honed Marble** flooring. Another bathroom features our **Oska Powder Pink Matt Porcelain** for a wall-to-wall scheme of pretty pastel colour.

Our Di Scacchi Tumbled Marble provides an authentic chequerboard floor to this beautifully decorated space. The monochrome tones perfectly contrast against the warmth of the walls.

# Into the Light

Claire Totman Designs

Surrey-based architecture and interiors studio Claire Totman Designs created this light-filled interior as part of a full internal and external remodel

The homeowner wanted to incorporate soft pinks throughout the house, so Claire chose our **Rosalina Honed Marble Herringbone Mosaic** for the utility room, and complemented them with a warm-toned **Ramon Buff Stone Effect Porcelain** floor.

“The house has a beautiful, flowing interior & is unrecognisable both internally & externally.”

CLAIRE TOTMAN  
DIRECTOR AT CLAIRE TOTMAN DESIGNS

The **Rosalina Honed Marble Herringbone Mosaic** repeats in the cloakroom for continuity, while the enviably spacious master ensuite features **Calacatta Honed Marble** floors to help maximise the airy feeling of this sophisticated space.
